August, 2017

Dear Patients and Friends,

Over the past 34 years, I have had the privilege, honor, and enjoyment of practicing dentistry. Most of all it has been because of you, my loyal patients, who have given me such wonderful support. As the years have gone by, my main concern has always been to keep my dental services at a high level of quality. I am now happy to announce that Dr. Hoffman will transition this month to Derek J. Conover, DMD. I'm very confident he's the right person to continue my practice.

Dr. Conover is a highly trained 2008 graduate of the University of Pennsylvania School of Dental Medicine. He was president of his class and has received many honors. In addition, he has been an instructor at the dental school and is passionate about current dental techniques and technologies. Dr. Conover also holds an MBA degree from the University of Pennsylvania Wharton School. He currently practices dentistry in Philadelphia and lives in the Queen Village neighborhood with his wife, Joanna, and their two young children. I have complete confidence that he will provide the exceptional and personal quality of dental care that you have come to expect and appreciate in my office.

I will continue to practice part-time alongside Dr. Conover, and I look forward to seeing all of you during this transition. My competent staff will continue to offer friendly and caring service. My hygienists, Allyssa and Jennifer; assistants, Jennifer, Tanya, and Lynda; and receptionists, Cristina and Darina, will be available Monday-Friday for your dental needs. My staff has been with me for many years and I appreciate them more than I can say. I couldn't have done it without them.

I want to thank you for your trust and loyalty over the years, and you can be assured the tradition of quality dental care will continue with Dr. Conover. I look forward to seeing you at your next visit.

With warm Regards,

Jay Harry Hoffman, DDS
